These are the actual vehicle movements recorded by both SID cameras.

Month	Year	North Day	North Night	South Day	South Night	Total
September	2024	111,218	14,999	118,673	20,235	265,125
September	2025	111,563	15,113	120,697	25,859	273,232
September	2026	107,006	21,774	121,732	24,138	274,650
October	2024	112,575	16,608	122,188	24,476	275,847
October	2025	112,025	15,758	115,899	18,887	262,569
October	2026	105,672	14,734	111,479	21,022	252,907

January–October: three-year comparison

Direction / Period	2024	2025	2026	2026 vs 2025
Northbound Day	1,096,116	1,112,930	1,084,960	−2.5%
Northbound Night	160,356	160,458	165,495	+3.1%
Southbound Day	1,168,994	1,167,964	1,175,566	+0.7%
Southbound Night	207,349	210,136	291,379	+38.7%
Both directions total	2,632,815	2,651,488	2,717,400	+2.5%

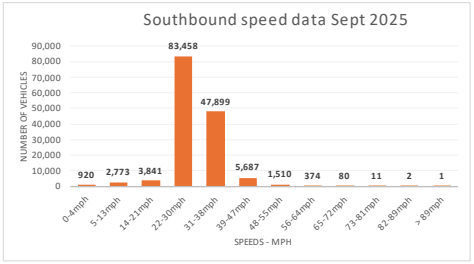

- Overall traffic: January–October 2026 recorded approximately 2.72 million movements, up 2.5% on 2025.
- Southbound overnight: Up 38.7% over the ten-month period, an additional 81,243 movements compared with 2025.
- September: Northbound night traffic increased 44.1% compared with September 2025, worth investigating separately.
- October: Total village traffic fell 3.7% compared with October 2025, suggesting the exceptional August volumes were not sustained.

Note- October had road closures due to water main breaks
